Subject: Mt. Polley - Notes to file

Reviewed Operation, Maintenance and Surveillance (OMS) manual for tailings storage facility dated December 22, 2004 prepared by Knight Piesold. Manual includes Emergency Preparedness Plan (EPP).

Table 1.1
Include regional H&S inspector.

Table 3.1 Instrumentation.
Readings of piezometers and slope inclinometers should be assessed by mine staff at time of data collection/plotting.

Incident or unusual occurrence should be reported to MEM as per Code requirements, Section 1.7.1 to 1.7.3.
