Dear Glen Wonders:

As required under Section 10 of the Mines Act (2002), please find a digital and hard copy of an application to amended Mines Act Permit M-200 to include the development and mining of the Southeast Zone and related facilities.

If you require additional copies please contact me and I will ensure that you receive the copies. For additional information and to answer any questions in regards to this application please contact Howard Bradley, Mine Manager or Ron Martel, Environmental Superintendent at the mine site (250-790-2215).

Yours truly,

David J. Pow, P.Eng.
